

TECHNICAL SHEET: S-60400

DEGREASER SPRAY

DESCRIPTION AND FIELDS OF APPLICATION

Degreaser, suitable for cleaning or degreasing old paints, original paints and sanded surfaces.

Due to the combination of solvents, it prevents wetting defects and crater formation.

Helps the silicone removal. Excellent for suppressing tar residues and dirt.

Thanks to its balanced evaporation, it can be utilized in every season.

Only suitable for professional use.

PREPARATION

- It is recommended to wash with water the surfaces to be treated.

INSTRUCTIONS FOR USE

- After washing the surface, apply a layer of degreasing spray and dry with a cloth.
- Sand the surface or substrate with grammage according to the paint system to be used.
- Apply degreasing spray again and dry with a cloth.
- Clean with a dry cloth.
- Allow 5 minutes for complete evaporation of the solvents and apply the corresponding chemical.

CAUTIONS

- Do not apply the product on connected equipment.
- Use the product in well-ventilated areas.
- Consult the safety data sheet.
